

HLTAID009 | HLTAID010 | HLTAID012

Provide cardiopulmonary resuscitation

Provide basic emergency life support

Provide first aid in an education and care setting

The course covers the skills, knowledge and techniques required to:

- Perform cardiopulmonary resuscitation (CPR) in line with the Australian Resuscitation Council (ARC) Guidelines
- Recognise and respond to life-threatening emergencies in line with first aid guidelines determined by the ARC and other Australian national peak clinical bodies.
- Provide a first aid response to infants, children and adults in line with first aid guidelines determined by the ARC and other Australian national peak clinical bodies.
- This unit applies to a range of workers within an education and care setting who are required to respond to a first aid emergency, including asthma and anaphylactic emergencies. This includes early childhood workers and educators who work with school age children in outside school hours care and vacation programs.
